

GIRL KILLED; MOTHER INJURED MEET WITH TRAGIC ACCIDENT ON WAY TO MEET CHILD'S FATHER

MISS COLLETTE AND OTHER U. S. WOMEN GOLPERS DEFEATED

Freepoint, May 1.—Mrs. Dell Mahaffey and daughter, Abby Dell, of Pittsburgh street, Springdale, figured in an automobile wreck yesterday evening in which Mrs. Mahaffey was seriously injured and her daughter, Miss Mahaffey, was almost instantly killed.

The Mahaffey home is at 729 Pittsburgh street, Springdale, about midway between the Springdale and the Cheswick stations. It was the custom of Mrs. Mahaffey and her daughter to drive the car to the Cheswick station to meet the evening train on which Mr. Mahaffey, who is in the employ of the Pittsburgh Press, always arrives. He always watched for his family and if they were not at the Cheswick station he then would ride to Springdale.

It was raining yesterday evening when the 5:24 train was due at Cheswick and it is said that Mrs. Mahaffey passed a truck when but a short distance from the station. Her car shot out on the wet and slippery street car track, skidded and careened across the road, hitting a tree in front of the residence of Dr. Wm. McCloskey.

The car was totally demolished and when Abby Dell was extricated from the wreckage she lived less than two minutes. Mrs. Mahaffey was taken immediately to the Citizens Hospital at New Kensington where her condition is reported as serious.

Mrs. Mahaffey who, prior to her marriage, was Miss Lida McCloskey lived in Freepoint when a child, she is a cousin of Miss Catherine Marzoff and J. J. Marzoff of this place.

CIRCUS POSTER IS QUICKLY REMOVED FROM CITY HALL

Circus posters that were placed on the balcony of the City Building by an enterprising circus man on Wednesday after a great deal of effort were removed in short order on Thursday when members of the Town Council caught sight of them.

STOCKS

New York, May 1.—(UP)—Prospects of a reduction in brokerage loans and a cut in the New York Federal reserve discount rate after the close today brought a new buying wave into the stock market in the initial dealings today.

Trading was active with large blocks appearing in the favored issues. Orders came in this morning following word from abroad that the Bank of England had cut its discount rate from 3 1/2 to 3 per cent and the Bank of France from 3 to 2 1/2 per cent.

Gains ranged from fractions to a point with only a few shares under the previous closing levels. Radio Keith Orphenum opened 10,000 shares at 47 1/2, the most active issue, while Westinghouse Electric was a strong spot in the industrials, rising a point to 16 1/2.

Coppers were firmer as were tobaccos and utilities, all were in demand at higher prices. Radio Corporation rose nearly a point to 65 1/2 on 8,000 shares, and General Electric 1 1/2 to 87 1/2.

U. S. Steel continued a weak exception to the trend. The issue opened at 10 1/4 off 1/4 from the previous close. Small declines were made in Hudson Motors, American Telephone, Allegheny Corporation and Missouri-Kansas-Texas.

Bohlen Hits Grundy On His Past Record

Philadelphia, May 1.—(UP)—Senator Joseph R. Grundy's attitude on prohibition and labor legislation was criticized here today by Francis H. Bohlen, wet candidate for the senatorial nomination on the Republican ticket.

Bohlen charged that Grundy has "taken refuge" behind President Hoover on the matter of prohibition and is as dry as Gifford Pinchot.

"In Mr. Grundy's case," Bohlen said, "no true wet can satisfy his conscience by any pretended belief in a barely possible referendum. President Hoover has not said one word that gives any hope that during his term any effort will be made to inform the people of the actual effects of prohibition, and the wisdom of retaining it. President Hoover and his Wisconsin commission are concerned only with finding new and more severe methods of enforcement, and all of these Senator Grundy has now promised to support."

Bohlen said that Grundy was no more anxious to secure the prosperity of Pennsylvania industries than he was. The wet candidate also said that he showed "in a practical form" his interest in the welfare of the Pennsylvania farmer.

"I have tried in 1919 and 1923 to improve the Workmen's Compensation act, and I shall continue my efforts to that end," he said. "It will take more than pamphlets or speeches before women's organizations to convince Pennsylvania workmen that Mr. Grundy is, as he professes to be, a friend and not an enemy of child labor laws and workmen's compensation."

"These labor leaders who worked with me in the session of 1919 know well why no compensation act was passed at that session. Those who worked with me in 1923 know why the benefits were not increased at that time."

"The fact that the American Federation of Labor threatens to discipline a small labor group in Philadelphia, which has endorsed Mr. Grundy, shows that they are under no illusions as to his interest in the welfare of the workmen."

Boy Accidentally Shoots His Brother

Playfully pointing a double-barreled shot gun at his brother as they were playing at the barn, John, aged 13, shot and killed his brother, Harold Householder, aged 8, son of Mr. and Mrs. Amos Householder at their home near Zelenople about 7 o'clock Wednesday morning.

The boys were boon companions and constantly together. Unknown to their parents they were Wednesday morning at work to the barn where their father was engaged. Mr. Householder, Sr., had been having trouble with crows and had taken his shot gun with him. After he had fired one load at a flock of crows he placed the gun against the side of the barn and entered the structure to do the milking.

Happening along a few minutes afterwards the boys espied the gun. John raised his weapon to his shoulder and pointed the same into the air. Harold Householder, aged 8, son of Mr. and Mrs. Amos Householder at their home near Zelenople about 7 o'clock Wednesday morning.

Sportsmen Are Asked To Check Violations

L. M. Walker, County Game Protector, on Thursday issued a statement to sportsmen calling attention to the large number of complaints which he said have been received concerning sportsmen and fishermen handling and taking charge of small fawns thought to have been deserted by their mother. In most cases this is true, according to Mr. Walker, and he asks that many fawns have been abandoned by their mothers after they have been handled by persons who happen to find them because the mothers are fearful of human scent.

Protector Walker gives warning that any person caught handling or taking a fawn without first consulting the district protector will be prosecuted to the full extent of the law. All sportsmen are asked to report violations of the game and fish laws promptly.

PART OF KISKI TOWNSHIP 1930 POPULATION KNOWN

In the preliminary census taken of that part of Kiskiminetus township, south of the macadam road extending from Apollo borough east through McCarter's Mill. Equidistant to Avonmore road, north and east to the township line, excluding Apollo borough in Armstrong county, the population is shown to be 1,898. The figures which are preliminary are subject to correction cannot be contrasted with any previous census as the population of the area was not shown separately in 1920. There were 69 farms enumerated in this area in the fifteenth census.

Former Chief To Be Paroled Pittsburgh, May 1.—(UP)—Chas. Bergstedt, former chief of police at Versailles and one of the nine men sentenced to Atlanta penitentiary in connection with the McKeesport labor conspiracy, will be paroled on May 19, according to word received here today.

Parole papers already have been signed by George G. O'Brien, probation officer for the Federal district court here, and have been forwarded to Atlanta. Bergstedt was sentenced to a year and a day imprisonment. John F. Brennan, former chief of police at McKeesport, who was sentenced to 18 months imprisonment in the same case, will be eligible for parole in June or July. Ask \$20,000 Damages From Auto Accident

As the sequel to an automobile accident on the Lincoln Highway near Idlewild Park on November 10, 1928, Charles L. George has been made defendant in a damage suit in which Mary Weikart asks \$20,000 damages and Earl Weikart, her husband, is seeking to recover \$10,000 for injuries received.

It is asserted in the statement of claim filed that the Weikarts on the date mentioned were by invitation of defendant, passengers in defendant's automobile which was being driven by him along the Lincoln Highway in an easterly direction. At a point near Idlewild Park it is charged that defendant attempted to pass three other automobiles traveling in single file and in the same direction on the highway without giving any warning or signal to the drivers of the automobiles of his intention to do so.

The defendant succeeded in passing the first car in front of him and was attempting to pass the second car without giving any warning whatsoever of his intention so to do, when the driver without notice of the defendant's approach, drove his car to the left side of the road preparatory to passing the second car in front of him, whereby the defendant on account of the narrowness of the road and on account of the space occupied by the second car drove his automobile off the improved portion of the road onto the berm, thereby causing defendant's automobile to upset, throwing Mary Weikart out onto the ground and Earl Weikart against the seats and side of defendant's car.

Mary Weikart sustained serious injuries to her head and back and to the body and it is averred still suffers from shock and nervous collapse and traumatic neuritis, which conditions will continue permanently, it is claimed.

Earl Weikart was severely injured his right collar bone was broken and other parts of his body bruised, contused and injured. It is claimed that Earl Weikart has expended up to the present time hospital bills in attempting to effect a cure of his wife's injuries the sum of \$1,163.70 and for his own injuries he has expended \$14.00.

It is alleged that the injuries suffered by the plaintiffs are the direct result of the carelessness and negligence on the part of the defendant in operating his car in violation of the state motor laws and in otherwise failing to regard the rights and safety of the plaintiffs.

Twenty years ago I did some Christian work in these parts and I notice quite a change since that time. This trip will complete my second trip from coast to coast, preaching the Gospel, and while some seem to think the world has gone to the devil entirely and that there are no real young people today, I fall to see it. I still find many true-blue boys and girls and I believe this is a wonderful age to live in, with great chances for a real young man or woman. GRUNDY MAKES TARIFF SPEECH TO FARMERS OF STATE

Warren, Pa., May 1.—(UP)—Senator Joseph R. Grundy, seeking the Republican nomination for another term, said in a campaign speech aimed at the state's hundreds of thousands of farmers' votes today, that a high protective tariff is as important to the Pennsylvania farmer as it is to the Pennsylvania industrialist.

Saying that Pennsylvania is one of the greatest agricultural states in the union because it has a "home" market and need not depend for its farm products on distant consumers, Grundy declared that to insure the maintenance of these home markets a protective tariff was necessary.

MRS. SARAH CRAVENER PASSES AWAY AT EDGEWOOD HOME

The death of Mrs. Sarah Viola Cravener, aged 42 years, occurred Wednesday noon at the family residence at Edgewood after a long illness.

Mrs. Cravener is survived by her husband, A. H. Cravener, and the following children: Edward, Ernest Brady, William, George, Gilbert, Robert, Evelyn, Charlotte and Martha, all at home. She is also survived by her step-father, David Erbe, of East Brady; her two sisters, Mrs. William Coleman, of East Brady, and Mrs. William Murray, of Cleveland, Ohio.

SITUATION QUIET AT COLUMBUS

Columbus, Ohio, May 1.—(UP)—The Ohio state penitentiary convicts' mutiny was considered a closed chapter today, but the end came none too soon.

Within a few hours after National guardsmen had placed the recalcitrant prisoners behind two barred-wire enclosures, separating the more dangerous convicts from their fellows, an inspection crew touring the emptied "White City" cell houses discovered evidence of two plots to effect a wholesale escape.

A hole one foot square was found to have been drilled through a steel wall on the fifth range of the cell house which has been the seat of most of the trouble the last nine days. The hole opened into a ventilating shaft through which it is believed, the inmates hoped to gain access to the roof as the first opportunity and make their dash for freedom from there.

Col. Robert Habel, National Guard commander who is temporarily in charge of the prison, said his men had found several steel drills in nearby cells.

COMPENSATION CASES RAISE INTERESTING POINT OF LAW

Pittsburgh, May 1.—(UP)—Workmen's Compensation board have under their advisement today five test cases presented at a preliminary hearing to establish a principle concerning the medical, surgical, and hospital cases provided by the Workmen's Compensation act.

According to the law compensation shall be furnished by the employer "during the first 30 days after disability begins." The law also provides that no compensation is payable until after the first seven days of disability.

The question for the board to decide is whether medical service begins with compensation disability or with the disability caused by the injury.

The question was brought up in the case of Dr. E. T. Simpson, Butler, versus the State Workmen's Insurance Fund. Five defendants, three employed by the State Coal Company, claim excess charges of Dr. Simpson for treatments of injuries.

MAYOR KLINE IN RADIO ADDRESS BOOSTS DAVIS

Pittsburgh, May 1.—(U. P.)—The voters of Pennsylvania can repudiate the action of the United States Senate in refusing William S. Vare his seat by electing Secretary of Labor James J. Davis to the Senate, but cannot accomplish the same result by re-electing Senator Joseph R. Grundy, Mayor Charles H. Kline said in a radio address last night.

The action of the Senate can be repudiated by Davis' election because "Mr. Davis has assumed the place in the picture from which Mr. Vare has faded," Kline said. "He has picked up the flag which, through broken health, Vare was forced to pass to other hands."

"It cannot be accomplished by the nomination of Grundy for had the Senate remained staunch and true to the rights of Pennsylvania Grundy would not now be a member of that body."

TAXI CASES CONTINUED

Pittsburgh, May 1.—(UP)—The hearing of contempt of court charges brought against 49 striking cab drivers for violation of an injunction prohibiting them from operating taxicabs was postponed until Wednesday by Judge McFarlane in common pleas court today.

Judge McFarlane said the hearing would require a week and the crowded condition of the court calendar made their presentation today unworkable.
